Welcome

Welcome to the Environmental Protection Agency (EPA) Central Data Exchange (CDX) – the Agency's electronic reporting site. The Central Data Exchange concept has been defined as a central point which supplements EPA reporting systems by performing new and existing functions for receiving legally acceptable data in various formats, including consolidated and integrated data.

Notice

For more information on radiation and accessing radiation monitoring data, please visit: [RadNet](#).

Warning Notice and Privacy Policy

Warning Notice

EPA's Central Data Exchange Registration procedure is part of a United States Environmental Protection Agency (EPA) computer system, which is for authorized use only. Unauthorized access or use of this computer system may subject violators to criminal, civil, and/or administrative action. All information on this computer system may be monitored, recorded, read, copied, and disclosed by and to authorized personnel for official purposes, including law enforcement. Access or use of this computer system by any person, whether authorized or unauthorized, constitutes consent to these terms.

Privacy Statement

EPA will use the personal identifying information which you provide for the expressed purpose of registration to the Central Data Exchange site and for updating and correcting information in internal EPA databases as necessary. The Agency will not make this information available for other purposes unless required by law. EPA does not sell or otherwise transfer personal information to an outside third party. Terminating my CDX Account

I agree to notify CDX within ten working days if my duties change and I no longer need to interact with the CDX on behalf of my organization. I agree to make this notification via either the CDX web interface or by notifying the CDX Technical Support staff at 1-888-890-1995. This notification will allow CDX to deactivate my account and protect it from potential abuse by others.

I have reviewed these terms and conditions.

LexisNexis® Identity Proofing

This particular registration requires additional proof of identity. Your options are to use LexisNexis®, an independent 3rd-Party electronic identity proofing service or print, sign and submit a signed form through U.S. Postal Mail to the U.S. Environmental Protection Agency.

Note: By clicking [Proceed to LexisNexis®] you understand the service is voluntarily and that you are validating personally identifying information including last 4 digits of SSN against a 3rd-Party service LexisNexis®, which will return evidence of validation of your personally identifying information back to the U.S. Environmental Protection Agency. The U.S. EPA will not collect or retain sensitive, personally identifying information such as SSN; however, EPA will receive evidence of identity and organization affiliation validation which may be used to identify you and your organization affiliation for legal purposes.

EPA uses third party sites to provide EPA content in a different format that may be useful or interesting to you. The information provided is consistent with the intended purpose of the EPA website. Please be aware that the privacy protection provided on third party sites that are not a part of the epa.gov domain may not be the same as the privacy protection described here.

Chemical Information Submission System

Please Choose a Submission Type

Section 8(e) Notice

OK

TSCA Section 8(e) Reporting rule requires any person who manufactures (including imports), processes, or distributes in commerce a chemical substance or mixture and who obtains information which reasonably supports the conclusion that such substance or mixture presents a substantial risk of injury to health or the environment shall immediately inform EPA of such information unless such person has actual knowledge that the Administrator has been adequately informed of such information.

The software includes embedded help files and downloadable user manual to guide you through the 8(e) Notice submission process. Submit information for all reportable chemical substances in one 8(e) Notice form.

Under TSCA Section 8(d), EPA has the authority to publicize rules to require producers, importers, and processors to submit lists and/or copies of ongoing and completed unpublished health and safety studies. EPA's TSCA Section 8(d) Health & Safety Data Reporting Rule was established to gather health and safety information on chemical substances and mixtures needed by EPA to carry out its TSCA mandates (i.e., to support OPPT's Existing Chemicals Program and Chemical Testing Program and to set priorities for TSCA risk assessment/management activities). OPPT has also used its TSCA Section 8(d) authority to gather information needed by other federal agencies and EPA program offices. Chemicals that are designated or recommended for testing by the TSCA Interagency Testing Committee (ITC) may be added to the rule via immediate final rulemaking (up to 50 substances per year). Non-ITC chemicals can be added to the Section 8(d) rule via notice and comment rulemaking.

Paperwork Reduction Act Notice

The information collection requirements contained in this proposed rule have been submitted for OMB approval under PRA, 44 U.S.C. 3501 et seq. The ICR document prepared by EPA, identified under EPA ICR No. 2412.01 and OMB control number 2070-NEW, is available in the docket for the proposed rule. The ICR addresses the incremental changes to the currently approved ICR documents that cover the existing reporting and record keeping programs that are approved under OMB control numbers 2070-0004, 2070-0033, and 2070-0054. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The amended information collection activities contained in this proposed rule are designed to assist the Agency in meeting its responsibility under TSCA to receive, process, and review reports, data, and other information. As such, responses to the collection of information covered by this ICR would still be mandatory, but with the final rule, respondents would be required to use the CISS reporting tool.

Authority

The Government Paperwork Elimination Act (GPEA) (44 U.S.C. 3504) provides that, when practicable, Federal organizations use electronic forms, electronic filings, and electronic signatures to conduct official business with the public. EPA's Cross-Media Electronic Reporting Regulation (CROMERR) (40 CFR part 3) (Ref. 2), provides that any requirement in title 40 of the CFR to submit a report directly to EPA can be satisfied with an electronic submission that meets certain conditions once the Agency publishes a document in the **Federal Register** announcing that EPA is prepared to receive certain documents in

Authorized Official

An Authorized Official has the ability to create, amend, and unlock Section 8(e) Notice forms. The Authorized Official must also submit completed forms electronically. Finally, the Authorized Official has the ability to assign Supports to individual forms.

USER MANAGEMENT

The Authorized Official is responsible for restricting a Support's access to select forms by assigning or unassigning them to each case number. The Support can access and edit only those forms for which the Authorized Official has granted access. Select a case number from the **Case Number** drop-down menu, and assign a Support to the form by highlighting the individual and clicking the **add** link. To unassign a Support, highlight the individual and click the **remove** link. To highlight and assign or unassign multiple Supports, hold down the **Ctrl** or **Shift** keys on the keyboard and click each Support before moving. You must click the **Save** button after each case number assignment.
